

EnergySense Conservation

For Commercial and Industrial Customers

Looking to make energy efficiency pay? For current or planned properties, PGW's EnergySense Conservation program can show you the way to equipment rebates and energy savings.

What Rebates are Available?

- 85% Et boilers are eligible for up to \$6,300 based on the size
- 90% Et boilers are eligible for up to \$8,400 based on the size
- Residential-sized furnaces and boilers are eligible for up to \$500 and \$2,000
- High-efficiency cooking equipment is eligible for up to \$1,200

See back-side for a list of eligible equipment.

Who is Eligible?

- Existing PGW customers
- New construction projects
- Rehab construction projects

What Project Incentives are Available?

- Comprehensive retrofits that go beyond single pieces of equipment may be eligible for up to \$75,000 or 33% of the incremental cost
- New-construction and rehab projects may be eligible for incentives of up to \$750 per-new home and \$60,000 per-new commercial property for conserving energy over building code

How Long Will it Last?

- Current promotions will last through August 31, 2013
- The promotion deadline may be extended, check-back if you miss it

How To Apply: Please visit www.PGWEnergySense.com for all applications, instructions and further information.
